Clicking on the history tab shows the previous commands

R script is where you can save your commands as a single text file just like a do file in STATA

Environment is empty

ENVIRONMENT

Plots appear here

R is a collaborative project with many contributors.  
Type 'contributors()' for more information and  
'citation()' on how to cite R or R packages in publications.  
  
Type 'demo()' for some demos, 'help()' for on-line help, or  
'help.start()' for an HTML browser interface to help.  
Type 'q()' to quit R.

[Workspace loaded from ~/.RData]
